

# Ubuntu

I am well if you are well. Ubuntu draws inspiration from the millenary culture of the African peoples, in the sense of compassion, communion, and generosity.

The well-being of the individual is the cornerstone of the community and humanity. Beauty is achieved, made of countless imperfections and tiny flaws.

Nosse Ceramic Studio has been distinguished as a Winner in the 'Excellent Product Design' category at the German Design Awards 2022.

The brand submitted their UBUNTU collection in Aura Gold, which was selected as an outstanding and commendably realised design work.

The German Design Awards are the largest prizes of the German Design Council and among the most recognised international design awards. For ten years now, the German Design Council has been honouring pioneering designers and their work with this coveted prize.

The Ubuntu Collection from Nosse Ceramic Studio wins a GOOD DESIGN® Award.

Founded in Chicago the GOOD DESIGN® rewards new products, graphics and packaging in Europe, Asia, Africa, North and South America.

This is one of the world's most prestigious, recognized, and oldest Design Awards program organized annually by The Chicago Athenaeum Museum of Architecture and Design in cooperation with the European Centre for Architecture, Art, Design and Urban Studies.

# Care Guide

---

## **Stone / Aura / Kambaba:**

All of these items are completely **microwave and dishwasher safe**.

Our high-temperature, single-firing production ensures the durability of our ceramics.

## **Aura Gold:**

These items are **microwave safe and dishwasher resistant**. We only use superior quality gold in our products, acquired through vendors with the LBMA Good Delivery Standard, ensuring it is sourced using responsible methods. Its superior quality also allows it to resist far more dishwasher machine cycles. Granted this cool feature we still encourage hand washing.
