W Collection

The W collection results from the combination of primitive ceramic techniques with new environmental responsibility.

We collect, treat and transform all clay and glaze waste before the firing stage.

After an internal recycling process, one for clay and another for glaze, new pieces are produced based on recycled raw materials.

The W collection is presented in three new lines, all with recycled clay and with two color options, stone in recycled glaze and the new limestone which is a regular glaze.

W Collection is the **W**aste **W**inning **W**ay.

FROM NOSSE TO THE WORLD!

We take sustainability very seriously.

We care about the environment, the same way we care about our products. We are devoted to making the world a better place to live in. That is why we commit to sustainable manufacturing and responsible use of materials.

Seed

Pottery is an ancient technique to create utilitarian ceramic pieces. That's what the Seed collection intends to honor. Seed represents the love for ceramic art.

It represents handmade craft: hands are the most important instrument one has to create unique pieces from a potter's wheel.

Duna

Due to climate change, the dunes on the Portuguese coast are in constant erosion. Duna line was born to pay homage to this natural protector that keep us save from high tides, storms and high winds. They are also home to numerous endemic species of endangered fauna and flora. Duna collection is the materialized memory of long summer days by the sea surrounded by family and friends.

Soul

Soul was born to honour the creation of handmade pieces. It is an invitation to dive into a world of infinite possibilities and unique expression.

It's as if each line drawn, each sculpted piece takes on a life of its own, transmitting our emotions and experiences through our hands. It is an exercise in patience, dedication, and love, where every detail is carefully worked on, becoming part of a story that takes shape and enchants those who contemplate it.

It embodies the deep connection between the creator and his creation, a give and take of energy that materializes into pieces that carry with them a piece of our soul, and that, in turn, touch the hearts of those who receive them.

W Collection

It fills us with pride to be able to launch a collection that contributes to the conservation of the planet's natural resources, due to our focus on reusing waste materials.

The W collection is also one that combines the knowledge of different generations.

Care Guide

Stone / Limestone / White Marble:

These items are **microwave safe and dishwasher resistant**. We only use superior quality gold in our products, acquired through vendors with the LBMA Good Delivery Standard, ensuring it is sourced using responsible methods. Its superior quality also allows it to resist far more dishwasher machine cycles. Granted this cool feature we still encourage hand washing.
